

DD SuperLight Hammock

An incredibly lightweight hammock for fast-paced adventures

Compact

Knot free system

Ultralight

The DD SuperLight Hammock is the lightest hammock we offer, and one of the lightest in the world. It's simplicity and knot-free suspension system means that it is an ideal companion for fast & light adventurers - for example ultra-runners and ultralight hikers.

We may have cut down on the weight and pack size for this hammock, but we certainly have not compromised on comfort or quality. You can just as easily set this up for a leisurely hang in your back-garden. if you don't feel like venturing into the wilds.
